

Product Data Sheet

BED PADDIES WITH WINGS Incontinence bed pads with wings

Page 1 of 1

GENERAL INFORMATION

REF	PRODUCT DESCRIPTION	C = MP Class R = Rule	UMDNS	Photo
1035	The incontinence bed pads offer optimum protection as well as comfort. The reusable bed pads are made up of four functional layers. The top layer transports unwanted moisture directly to the layers below and dries up in a matter of minutes so that the user will not feel any moisture at all.	CI - R1	12110
