## Declaration of sustainability / Environmental protection

Sustainability and environmental protection are important issues for Dutchblue.com LTD  
Our cooperation with the production facilities leads to the following agreement:

### ALL OF OUR PRODUCTS:

- comply with the applicable legislation and regulations for its specific product category and, where applicable, CE marking.
- comply with the REACH regulation, the RoSH directive and are free of carcinogens and genetically modified substances.
- are made in accordance to hygiene and environment in reliable conditions, packed and always complying with the highest hygiene and quality standards.
- are made in liable working conditions and without any form of child labor exploit.

### PACKAGING, TRANSPORT AND SHIPPING:

- Packaging materials used in the production provide adequate protection of the products.
- The transport from the production facilities to our warehouse is carried out with maximum protection with minimal impact on the environment, preferably in 20 or 40 feet transport containers.
- Shipping from our warehouse is fulfilled >98% in the same box used in the production facility. To protect the environment, repackaging is carried out as much as possible.

### CONCLUSION:

- We are always open to improvements on all topics. We are currently convinced that our production, packaging, transport and shipping meet the most sustainable and ecological requirements.
